

Diapering Products Form

Name: _____ Today's Date: _____

Early Einsteins must obtain written permission from any child's parent or guardian prior to administering diapering products. Diapering products must be administered according to the manufacturer's instructions unless there are written instructions for their use provided by a licensed physician or dentist.

If your child needs prescription diapering medications, please complete either the Medication Permission Form (for medications that need to be administered for up to one week) or a Long-Term Medication Permission Form (for medications that need to be administered longer than one week).

Please ensure all diapering products are properly labeled with the child's full name. Early Einsteins is required to send home any products that have reached the expiration date. Please note that **Early Einsteins will not administer child herbal or natural remedies**. We suggest that the parent administer these at home or come into the center to administer them.

Specific Instructions: _____

I give my approval for Early Einsteins to administer diapering products for my child as needed on an on-going basis.

Parent/Guardian Signature: _____ Date: _____
